Teething. Worm, Costiveness, &c., will produce this disorder. In all such cases the Vegetable Extract

is the only medicine which can be relied on with any degree of safety. Mothers who have small children should remember this. Many a Child, the past year, who has suffered with this complaint, and has been given over by physicians to die, has been restored by the use of but one bottle of Hart's Vegetable Extract. The child of William Anderson, North Fourth street, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, who decided that the case was a hopeless one, and the child must die. Whilst the child was in this dangerous state Mr. Anderson called.

ed at my office and obtained a bottle of the Extract, administered it to the child, and the result was a perpect retoration of health. The son of Mr. Robert McGee, corner of Sullivan

and Prince streets, New York, was severely afflicted with fits. In this case also the physicians held a consultation and decided that they could do no more and that nature must effect its own cure, or the boy must die. The Vegetable Extract was administered to him whilst in a fit, by one of the attending physicians. Its effects were almost instantaneous. its was broken, and the boy restored to health. Mr. McGee says, "I shall never again be without the medouse, if I can avoid it, for fear that some of the rest of my children may be attacked in the same way. I consider the medicine invaluable.

We would refer to the following persons, who have been cured by using Hart's Vegetable Extract
